

SONG PLAYLIST+YOUTUBE E LINKS

created 3/30/24

So, let's just add some subdivisions. This is the main entry plan, I just don't think I'll be able to safely release my official YouTube Playlist, so I'm just archiving them on this site.

Do not comment on all the songs "omg he listened to them" Eh, there's too many songs I have to even assault all of them, so, look this is just my personal favorites. I'm also tired of subtly hinting lyrics all over my page. I'm probably going to delete some of my faux stolen poetry. Honestly, maybe I'm just making the songs more popular/cooler. I honestly wonder how much links I put on here will be snuffed out. YouTube overall brings humanity together if I'm honest.

ALEX G, so his songs are all tiktokified if I must, doesn't mean we need to beef with them.

[pretend - Alex g \(sped up\) - YouTube](#) the start right before the vocals is nice, reminds me of Need 2 almost, you'll notice if you compare.

[Pinegrove - Need 2 | Sped Up & Pitched \(youtube.com\)](#) I like this version, Hehe *furry noises*. Ok anyways, this one's very good, I like the lack of vocals, sometimes songs are better, other times not I don't know. I don't CLAIM to be inspired or ever relate to any of the songs, but maybe the tunes, maybe the words make my brain automatically like them.

[fear the nobodies \(youtube.com\)](#) SO THIS, 1st time I took a listen, didn't care much, misheard the lyrics. the more I listened, PERFECT. love this song.

I will now give a list of all the techno, etcetera, that I listen to, I won't even describe all of them because it's, make no mistake, a HUGE list.

[Code Red - 18 nightcore !! \(rus.\) \(youtube.com\)](#) English version nice.

[NightCore - RING DINGE DING song 🌸 \(youtube.com\)](#)

<https://www.youtube.com/watch?v=TuhAjtWD-Sk&list=PLywh7ozRQufLbb-TBFP4Mc4DSCRHdGqjc&index=3> This one's the best, one of the best I don't know. This one is pretty old, and all the gems are really from the past.

[Nightcore | Sweet Little Bumblebee \(lyric video\) \(youtube.com\)](#) Almost too pop culture for my style, but it's still awesome.

[Nightcore - How Do You Do \(Remix\) × \(youtube.com\)](#) Yeah, self-explanatory, maybe?

[Катя Лель - мой мармеладный \[speed up\] - YouTube](#) Not really techno but, still a good song.

[\[NIGHTCORE\] EINS ZWEI POLIZEI \(youtube.com\)](#) WAS IST LOS, WAS IST DAS

[Kiss Me Again! \(Full Song\) \(youtube.com\)](#), OG [KISS ME! | ORIGINAL ANIMATION MEME \(youtube.com\)](#) mhm, yes

[Pumped up kicks-speed up, night core \(youtube.com\)](#) I'm going to be honest; I have about a million PUK versions on my YT playlist.

[pretty scene girl \(youtube.com\)](#) I KNOW THIS PRETTY SCENE GIRL. DoTA cover, OG: [Honda Stage | Switching Gears – Austin Millz drops exclusive remix of Honda Stage past and present \(youtube.com\)](#), I like all DoTa Versions.

[Pretty Rave Girl 2010 - S3RL \(youtube.com\)](#) Same song, different lyrics.

[Rebzyyx - I'm so crazy for you \(w/ @phiec Official Lyrics Video\) \(youtube.com\)](#) Favorite Rebzyyx song.

[Nightcore - My Love Танюха \(I love you Sasha - ай лов ю саша \) ★≡ \(youtube.com\)](#)

[Sleepwalker | Murder drones | Edit \(youtube.com\)](#) So this edit showcases, the best part of the song. The songs ok. Good place for it is the last on my list.

DONE WITH TECHNO, for the list of course.

Now, Mac Demarco. Yeah, [Mac DeMarco - Salad Days \[\[parkland edit\]\] \(youtube.com\)](#), well, ITS A GOOD SONG, I'll be completely truthful.

But of course, [Mac Demarco - Chamber of Reflection \(Speed Up Reverb\) \(youtube.com\)](#) This is my favorite, followed by

[Mac Demarco - My Kind of Woman SLOWED DOWN \(youtube.com\)](#)

Finally, we have [For the First Time - Mac DeMarco \(lyrics\) \(youtube.com\)](#) I know it's a cliché to say but, I can't pick favorites with these songs. They're all necessary. I don't think songs are ever 'good' to me. They're just, necessary.

Alright straying away.

[punkinloveee ★ virgin_suicides \(Official Music Video\) \(youtube.com\)](#) Probably should've put this in the techno station but, I find it necessary to talk about the song in it's own interests, the Elliot Rodger part is the best. I found this song from an edit in fact. It's nice to listen to. I kind of hate the singers voice though, sounds like a 12 year old.

[Volcano \(2023 Remaster\) \(youtube.com\)](#) Found it from Zero Day, no way my mind is edgy, I think personally this genre of media is just good at finding music. It's a great song, I don't even like the genre that it's in, but it's still great. You know, maybe it is my brain altering this media for me to like it.

[HappinessIsOnlyRealWhenShared \(Slowed\) \(youtube.com\)](#) Short, but a beautiful piece of music.

[Winslow House Hate that lyrics \(2008\) \(youtube.com\)](#) Winslow house, while inexperienced with music as I've heard critics say, (Well, there's like 10 people in the world that listen to this band, so I've really only heard one person down the music) But overall, a good song, I like everything about it. Barely anyone knows about Winslow house, so I like that I've found this music, kind of by myself to be honest, a lot of my other music choices have so many people

knowing about it, and some of my music choices have been discovered by edits online. I don't like to say this, because the band might not, enjoy the reason this song will get popular. But still, I love it.

[Winslow House - Idle \(Lyric Video\) \(youtube.com\)](#) This is even more heavenly, I think the lead guy is named Carter T, I haven't really dug back into the deepness of this guys music. I'll say this music is just a rare edition of modern music that's ACTUALLY good, I hate modern music, indie, techno, THAT'S what people want, for me. Techno today is fine; I haven't seen much that appeals to me.

[Winslow house - ghost \(i don't mind\) \(lyric video\) \(youtube.com\)](#) Last one I'll mention, nice lyric video, I like canvas sky but, not appealing enough for my playlist.

I hope Winslow house never gives up, wait for your music. See I fully expect, like what happened with Alex G, for Winslow House to get popular, I mean for Alex G it kind of took a decade, but hey, he eventually did.

[Liminal Spaces with Ethereal Claire de Lune \(youtube.com\)](#) I really like piano music to be honest. The ethereal version is Awesome. I kind of wish we capitalized nouns in English.

[CG5 - H A L L S \(Backrooms Music Video\) \(youtube.com\)](#) Best CG5 Song, that's it.

[Klamydia - Pilke silmäkulmassa \(youtube.com\)](#) PERKELEEEEEEE

[And One - Panzermensch \(youtube.com\)](#) , Yeah, I found it from that.

[Jaiden Animations Rule34 \(extended!\) \(prod.flixterr\) REUPLOAD \(youtube.com\)](#) Ok, for a troll song this one isn't bad.

[Treehouse || Aimsey and Guggie || Animatic \(youtube.com\)](#) I think the animation is about Dream SMP members, I don't fricking know lmao. But the Alex G song, grapes.

[BONES - LibrarySuicide \(youtube.com\)](#) This video, unlike the last, I expect to get taken down. There used to be an old Zero Day edit one. BUT IT'S GONE NOW OF COURSE THANKS YOUTUBE. This song speaks to me, like the rest of teenwitch.

[Bones - Klebold \(youtube.com\)](#) Im gonna be honest I've really improved my rapping skills by singing this fast, same with TheCafeteria. I think Salvador Ramos listened to this too so, that's cool.

That's it for first day entries.

[【Hatsune Miku】 Pumped Up Kicks 【VOCALOIDカバー】 \(youtube.com\)](#) I literally was searching for levan polkka and my intrusive thoughts made me search up this song.

[Nightcore - Bulletproof \(La Roux\) \(youtube.com\)](#) I want this song on the Golden Record, jokes aside. This is so beautiful I love the background image, shes got a Deagle, so hot. Want to be killed by her, wish she was my local cop. sorry.

[Caramelldansen \(slowed + reverb\) \(youtube.com\)](#) The sped up one that I listened to as a kid brainwashed me into thinking it was sped, I've found out since 2016 but still.

[grimes - genesis \(sped up + reverb\) \(youtube.com\)](#) Song reminds me of Adam Lanza for some reason, and like him, MY life.

I don't know what it is, but harmless anime night core just gives me so much motivation, maybe in the wrong way, maybe I just want to fight against the "romantic" lyrics.

And, grimes never had any official lyrics, so here's mine:

My heart will never feel, will never see, will never know,
oh, heart and then it falls, and then I fall, and then I know.

Ever think, ever be, ever know, (sometimes it personally sounds like "everything"
home and I know, why do I think about, flying straight through, I am the one in love.

Some of the lyrics that I have projected, some others may argue against them. I kinda feel bad that Grimes is just known as "the one who dates Elon Musk".

[Nightcore - Bad boy \(youtube.com\)](#) CAN I JUST SAY THIS CHANNEL WAS MY CHILDHOOD? I hope this channel maker comes back, they will be FAMOUS. But, as a kid I semi-liked nightcore, I didn't have the true love for it like I did now, I was only 3-5 during that...Phase? I don't know.

This is why I like commenting on videos with barely any comments, if you can't have nostalgia, MAKE nostalgia. I didn't have a youtube channel back then, but sometimes I'd use my moms, brothers, or grandparents accounts to write them, I want to find them again highkey. BUT SHE MADE A COMMENT 1 MONTH AGO. THAT'S AMAZING. SHE'S BACK.

[Käy Rohkeena Taistoon \[Finnish Patriotic March\] \[English and Finnish lyrics\] \(youtube.com\)](#) Alright this stuff is just beautiful music, all I can say...

[Im Wald, Im Grünen Walde + Lyrics \(youtube.com\)](#) DER STEHT EIN FOERSTERHAUS

[Winslow House - Idle \(Lyric Video\) \(youtube.com\)](#) this needs to be the last thing I ever hear...]

[Angel Vox - Возвращайся \(night core \) TikTok \(youtube.com\)](#) Beautiful, sometimes songs just have good beats, other times songs are beautiful, and heavenly. Sometimes in the song it sounds like she's saying "smut".

Growing up listening to car music I've learned to "adapt" to some of today's modern music. But nothing beats my true music selection. That one may never be accepted by society though. The fact I like Swedish, Russian, Finnish, etc. songs, proves songs mean more in the background. Of course I don't mean to say I only like instrumental.\

[And One - Panzer mensch \(youtube.com\)](#) This is the "darkest" song I even like, and the lyrics are completely family friendly. So stfu to people who think my music choices had even an OUNCE of influence on me.

[Klamydia - Pilke silmäkulmassa \(youtube.com\)](#) THIS IS THE BEST FINNISH SONG I'VE EVER HEARD.

[Pumped Up Kicks \(youtube.com\)](#) BEST REMIX of this song. I really don't like to admit I like this song because people are going to assume I'm just being edgy, seriously I just like this song. Media changes, a future me will like different stuff.

[Alex g - candy \(sped up\) \(youtube.com\)](#) Another decent Alex G song.

[Bubblgun - Jack Stauber \(youtube.com\)](#) Yeah this is liminal really. I once used to imagine telling the lyrics of this song to everyone in the world, it was weird, I don't even know.

["Bosanska Artiljerija" \(Bosnian Artillery\) - Bosnian Patriotic Song \[LYRICS\] \(youtube.com\)](#) MY PROUD BOSNIAAAAA!!!

[Mac DeMarco - Salad Days \[\[parkland edit\]\] \(youtube.com\)](#) This is the best edit ever, probably going to get removed but whatever.

[kero kero bonito - I'd rather sleep \(slowed + reverb + muffled\) ❤️ 🎧 \(youtube.com\)](#)

"Now I know what's real what's fake."

"Kids (trees) used to talk to me."

"And we'll try anything, just to be a kid again."

[Sugar Crash Remix - N - \(Murder Drones\) \[Flash Warning\] \(youtube.com\)](#) This is a nice edit.

Better slowed version of "sometimes": [sometimes - alex g {slowed + reverb} \(youtube.com\)](#)

[Chills ft. CORPSE - Siren Head \(feat. Corpse Husband\) \[Lyric Video\] \(youtube.com\)](#) Best Chills song.

[Winslow House - Doggy \(Lyric Video\) \(youtube.com\)](#) Nice WH song.

Same with this one, [Winslow House - Birdhouse \(Lyric Video\) \(youtube.com\)](#)

[I'm left alone by myself \(Spaceslvt\) \(youtube.com\)](#) , Nothing much to say, I like to give descriptions as to WHY I chose that song.

[Nightcore - Numb \(youtube.com\)](#) Real Table.

[Milva - Horst Wessel Lied \(IT / EN\) Lyrics \(youtube.com\)](#) Anti Facist, but the best version of HWL.

[The Caretaker - We Don't Have Many Days \(youtube.com\)](#) All of EATEOT Is a really good album. The rest of The Caretaker is really good to. I learned from the first song It's Just a Burning Memory in 2020. Beautiful.

[Nightcore - Never Gonna Give You Up \(youtube.com\)](#) COMBINATION.

[Together forever~Rick Astley\(Nightcore\) \(youtube.com\)](#) In all seriousness I like a lot of rick astley songs.

never gonna give you up,

together forever.

when I fall in love.

[\(sandy\) Alex g - forever \(lyrics\) - YouTube](#) Alex G is growing on me I'll say, I used to only really like Mary and Sarah. But NOW, I love all them, especially the unknown ones. This one kind of reminds me of a kids show for some reason, like Daniel Tiger.

[【 Nightcore - Washing Machine Heart 】 \(youtube.com\)](#) Cool.

[Corbon Amodio - lucy~ {Slowed + Reverb} \(youtube.com\)](#) Overall I'm gonna say that Corbon Amodio is ok, this is the only song I like of him, got pre-hyped because of so many "cute animal edits". I really like it, the bingo bingo baby part was released first, but the main vocals are REALLY nice, the singer gives Sarah vibes with the deeper voice, I like it. Another part I really like is the cooing at 1:00-1:05. Lyric review, real table. I mean it's just mainly about growing up I guess, "when did days move so damn fast" In my opinion nothing "life reflecting" or too out of the ordinary for the lyrics.

[Nightcore ♪ | Imogen Heap \(Frou Frou\) - A New Kind of Love \(HQ\) \(youtube.com\)](#) 2017 core.

["Dream Your Dream" | FNAF Minecraft Music Video | 3A Display \(Song By TryHardNinja\)](#)
[\(youtube.com\)](#) **Not only is this nostalgic, and probably the best FNAF song, helped me
to sleep tonight 4/30.**
